

**Town of Foxborough
Economic Development Committee
Meeting Minutes of December 5, 2018**

Present: Steve Coote, Kurt Yeghian, Mike Stanton, Mike Saegh, Mark Grebbins, Sr., Dan Krantz, Tom Murphy, Barney Ovrut, Paige Duncan

Fire Station/Funeral Home RFP

- Steve Coote will help Ms. Duncan with preparation of the RFP. He works on these types of projects in the private sector.
- Shoot for February 1st for RFP re-issuance.

Route 1

- Still looking at options for sewerage Route 1. MassDOT's plan to resurface the road gives this project greater sense of urgency.
- Town is being asked to justify water withdrawal amounts. Basins are under stress so State wants to decrease allotments. This is counterproductive to all predevelopment work that has been done for Route 1 over past couple years. Town and TKG hoping to justify future water usage needs.

Spring Town Meeting

- Billboard Advisory Committee looking at electronic billboards for Route 1. An amendment will likely be included on ATM warrant. Back when sign bylaw was changed, electronic billboard provisions were removed with the promise they'd be back for consideration. This will allow Town residents to decide if they support electronic billboards.

Other Projects and Initiatives

- Board of Selectmen approved Complete Streets Policy on 11/13/18. Next step prioritization plan with hopes of being eligible for May funding round.
