Route 1 Zoning

- Discussed draft.
- Peter Tamm will send possible WRPOD amendments to the group.
- Regarding residential development on Route 1, the Master Plan calls for no residential on the west side of Route 1. Mixed use has become more common. It will be a good idea to hold a workshop with all stakeholders to discuss this moving forward. Landowners on Route 1 would like to have option of mixed use development.

Next meeting June 14th.
