

Town of Foxborough
Economic Development Committee

Meeting Minutes
5/18/16 7:00PM

Members present: David Feldman, Kurt Yeghian, Mike Stanton, Mike Saegh, Tom Murphy, Mark Grebbin, Dan Krantz

Staff Present: Paige Duncan

Members absent: Lorraine Brue, Stephen Coote, Tim Kenneally

Liquor License Warrant Articles – Group discussed the effort and positive outcome. Similar level of outreach and effort will be required for upcoming zoning articles.

Intern Mackenzie Leahy handed out samples of her work to date. She has compiled a database of all businesses in town. She has also prepared a draft brochure for Schneider Electric as well as a handout summarizing the Fire Station property/project. Additional information is needed from Schneider to finalize. Mackenzie has been offered a full time job with the Town of Medway Planning Department so her last day in Foxborough will be May 27th. She is willing to finish any outstanding work if Medway allows. The group thanked Mackenzie for her good work.

Dave Feldman suggested that a conceptual plan be developed for the Fire Station site. A second conceptual plan could also be developed that includes the Duffy property, which then could be used by a developer to demonstrate to the Duffy's how redevelopment could provide a decent return on investment to them. The EDC has funds in their FY16 budget that could be used towards developing a concept plan, doing survey (if required) or other. To be discussed at next meeting.

Mike Stanton informed the group that a Route 1 subcommittee meeting is scheduled for the next day (5/19) to discuss the WRPOD and Zone II/III issue with Roger Hill and Bob Worthley. Report to follow at next meeting.

Motion by Mike Stanton, seconded by Dan Krantz, to approve the following minutes:

March 30, 2016

April 13, 2016

April 27, 2016

Motion passed unanimously.

Meeting adjourned: 8:05PM
