Re: 119 Morse Street 40B – Planning Board Comments

---

At their August 12, 2021 meeting, the Foxborough Planning Board discussed the 40B project proposed for 119 Morse Street. The Board heard the conceptual presentation from members of the project team and offers the following feedback:

- Based on the high-level information presented, the Board feels the project is “viable conceptual idea”.
- The Board looks forward to more information as the project proceeds.

The Board voted 4-0 (Whitehouse abstained) to submit these comments as Planning Board feedback.
