RE: #119 MORSE STREET ANRAD (SE157-0613)

Dear Mr. Boette:

On behalf of our client, 119 Morse Street Realty Trust, I am submitting herewith a revised ANRAD plan for the project at 119 Morse Street. Enclosed please find a revised existing conditions plan and a technical memorandum from Pare Corp regarding the Riverfront Area delineation.

The modifications to the plan include the extension of the B series of flags to the trail that extends between Morse Street and Spring Street. A BVW E series on the north side of the path has been added. An isolated wetland F series on the west side of the path from the property to the aforementioned trail has also been added. These were added in order to ensure that the resource areas have been identified that might be impacted by the future water line construction.

Thank you for your consideration.

Very truly yours,

BAY COLONY GROUP, INC.
