

TOWN OF FOXBOROUGH
40 SOUTH STREET
FOXBOROUGH, MASSACHUSETTS 02035

Cold Water Meters IFB

ADDENDUM #3

March 24, 2022

NOTICE TO BIDDERS

1. Question- It appears this is a proprietary spec for a Neptune Mach10 meter only. Would the town award per line item (if we can meet the spec of certain sizes, but not all) or is it an all or nothing bid?
 - a. The Town wishes one vender for all meter sizes.

2. Question- Would the town accept 316 stainless steel for the 1" - 2" meters? It is NSF/ANSI 61 certified lead-free.
 - a. The FWD may accept stainless steel meters that are NSF/ANSI 61 certified lead-free.
